

Safety Data Sheet

In accordance with Commission Regulation (EU) No 453/2010

Revision Date: 01/02/2022

Version: 1

Section 1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifiers

Product name: CnT-Prime Airway Epithelial Proliferation Medium

Catalog number: CnT-PR-A

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant uses: For research use only.

Uses advised against: Not for consumer, diagnostic or therapeutic use.

1.3 Details of the supplier of the safety data sheet

Supplier: CELLnTEC Advanced Cell Systems AG
Stauffacherstrasse 78
CH-3014 Bern
Switzerland
info@cellntec.com

1.4 Emergency telephone number

Telephone (office hours): +41 31 331 9582

Section 2. Hazards Identification

2.1 Classification of substance or mixture

Not a hazardous substance or mixture according to Regulation (EC) No. 1272/2008

2.2 Label elements

Not a hazardous substance or mixture according to Regulation (EC) No. 1272/2008

2.3 Other hazards

This mixture does not contain any substances that are assessed to be a PBT or vPvB

Section 3. Composition/information on ingredients

3.1 Substances

The product is an aqueous solution of inorganic and organic compounds, including salts, vitamins, minerals, amino acids, sugars, and buffers

3.2 Mixtures

This product contains no substances which at their given concentration are considered hazardous to health.

Chemical Name	CAS-No.	Weight Percent
Ammonium vanadate	7803-55-6	<0.0001%
Tin chloride	7772-98-8	<0.0001%
Sodium selenite	26970-82-1	<0.0001%

Section 4. First aid measures

4.1 Description of first aid measures

Skin contact: Rinse with plenty of water. Immediate medical attention not required.

Eye contact: Rinse cautiously with water for several minutes.

Ingestion: Not expected to present a significant hazard under anticipated normal use. If you feel unwell, seek medical advice.

Inhalation: Not expected to be an inhalation hazard under anticipated normal use. Seek medical advice if required.

4.2 Most important symptoms and effects, both acute and delayed
